

JACK PINE'S STUMP

I sure do like the newly mowed park and power house lawns. Now if we had a little rain to make it green, all would be dandy. But that would take an Act of God, and I don't think my readership extends that far.

Well, the soldiers are coming again, and the arguments wax hot and heavy as to whether the soldiers are good for business or not. Certainly the bars will benefit, at least the few that operate without any code of ethics or civic responsibility. Maybe some of these places ought to take a leaf from the book of Spike McEwen. There is one guy who realizes there is more to life than putting the money in the till.

When Jack Pine was in the service he found out what a good "Service Town" was. It was a city where there was a bond of mutual respect between the soldiers and the townspeople. Grayling used to be a good service town. It ain't no more. There is fault on both sides... business men in town who think the only time to make money is when soldiers are here, girls and women who act and dress more like camp followers than decent citizens, local toughs who are looking for a fight, and civic officials who just shrug their shoulders and say nothing can be done. On the other side are the soldiers. Most of them are married men who think that their two weeks away from home entitles them to act like irresponsible idiots. There ought to be a concerted action by City Officials, the local Police, the Sheriff's office, and the Chamber of Commerce to improve Grayling. There ought to be a serious attempt on the part of Camp Grayling officers to make discipline a 24 hour a day job. If a man is to wear the uniform of his country, he jolly well better be forced to accept the controls which the wearing of the uniform imposes; likewise he should be accorded the respect which the wearing of the uniform entitles him to.

When will people learn that when a sign says "Set back your parking," it means just that? Another nincompoop let his car roll from the center of the street into another car at the curb last week. How do people like this get licenses, anyway?

By far the dirtiest sight in town these days is the new building next to the Bank. That is what I like to see... really makes the whole town look better.

Seems like this is my week for complaining. Here goes another one: there are some highly undisciplined kids who delight in shooting bottles with a 22 rifle. In its place, this is fine, but on the East shore of Lake Margrethe, it is sheer madness. There have been twelve law suits, and some of them very serious, on kids and adults who have swum in this area. I don't blame the kids, it's the parents who are stupid enough to let a kid loose with a deadly weapon. Kids don't grow up by themselves, you know, sometimes they have to be led, advised and supervised. I have named good looking kids in the woods.

Got two questions: the first is, when are the officers of the Chamber of Commerce going to realize that running a gas station is no job for a kid, his time would be better spent all his time working for a better Grayling? The second is, why aren't the teachers and administrators of the school more active (or active at all) on the Recreation Area Fund Drive?

Note to RWS: I see where the Senior Post Office Committee approved a plan to allow the publishers of weekly papers to suspend publication for a two week period without losing their second class mailing privileges. This means that people like you can take a vacation just like others. Any time, huh, any time!

Had a dilly of a story in last week's Stump about School Officers and Yearbooks, but found out just before publication it happened last year. So it was cut out. There wasn't any sense in digging up a dead dog... no matter how badly it stinks.

Heard a story about an old gal driving a decrepit old car along a back country road, when it broke down in front of a dilapidated farm house. A farmer sat on the porch looking in an amused manner at the car and the woman as she tried to get it going. Well, the old gal finally got mad and hollered at the farmer, "What's the matter, this the first car you ever saw?" To which he replied, "Nope, but is shore does look like it."

Vandalism Results In Property Damage

During and following the 4th of July week end, extensive damage resulted to the newly constructed fence surrounding Camp Ausable. Camp Ausable property owned and operated by the Michigan Conference of Seventh-day Adventists was purchased in 1949 for the purpose of developing a Christian training camp for boys and girls. Before the Shellenbarger Lake property was purchased, the conference operated a youth camp on an island in Gull Lake near Battle Creek. With the passing of years the island and surrounding mainland became split up with private cottages and dance halls. Due to the lack of privacy and the unwholesome surroundings, it was felt best to look elsewhere for property that might be kept strictly dedicated to wholesome Christian training. The property near Grayling ideally suited this purpose was purchased and developed. Realizing that some of the local residents of the Grayling area have for years used Shellenbarger Lake as a favorite fishing spot, the camp management left the lake open for this purpose and allowed fishermen to come in on the privately owned property to put in their boats. It has always been the desire of the management to continue such a policy and to maintain a friendly relationship with the fishermen residents of the community, however, some unfortunate experiences developed during the past two or three years which made it necessary to establish controls that would make it possible to eliminate a minority of undesirable and yet make it possible for good citizens to enjoy the lake. Some of the things that brought about such action are: Fishermen who come to the lake shouting profanity and immoral conversations within the hearing of the campers; deliberate annoyances and interruptions of the meetings by outdoor motors running back and forth in front of the group; drinking and disposing of beer cans in the lake and on the shore. Shooting on the property during camp sessions added to the above reasons for developing a control as also the fact that high-powered boats are being used for water skiing at which time the camp allows none of its own small craft on the lake. Several visiting small boats have been dangerously missed being hit by speed boats due to a lack of knowledge as to their presence. Most of the citizens of the area were broad-minded enough to understand the necessity of the control and the need for strengthening property. Careful checking with State senators and State conservation headquarters has established that the outlet of the lake is in no sense navigable. According to the law, the Shellenbarger Lake is a private lake. For this reason the outlet was fenced along with the rest of the property. "Until the recent vandalism took place it was the plan of the camp management to close the use of the lake during the first week of the summer and then allow desirable citizens to fish the lake the rest of the year. If the citizens of Grayling will assist in the exposing of the party of parties guilty of the recent damage, it may not be possible for next year to allow fishing on the lake. A reward of \$100 has been offered by the management for any information leading to the arrest and conviction of the guilty parties." According to Fred Beavon, camp director.

CMC Plans Book Educational Exhibit

Central Michigan College, Division of Field Service, will present an annual Bookmen's Exhibit Conference on campus on the days of July 19 - 21 inclusive. Keeler Union will be the scene of the conference. On July 19th the exhibitors will enjoy a day of recreation and fellowship followed by the Annual Bookmen's Dinner in the evening. Mr. Woodward C. Smith, Director of Field Services, will act as toastmaster. President Charles L. Anspach will speak to the group on the subject of "The Bookman Today and Tomorrow."

Northern Michigan's first instructional Materials Conference, scheduled for July 20th, will feature Doctor Edgar Dale of Ohio State University as the principal speaker. The program will start at 10:00 a. m. and will be held in Warriner Hall Auditorium. Dr. Hale, Research Associate in the Bureau of Educational Research, and Professor of Education, is nationally known as an authority on the use of all kinds of instructional materials. He was selected as a motion picture specialist from the United States to speak before the League of Nations in 1936. During World War II he was head of the Motion Picture Division of the Bureau of Motion Pictures in the Office of War Information. For a number of years he has been working on the problems of improving the simplicity and clarity of books, pamphlets and newspapers. He has made himself nationally prominent as the author of numerous books, articles, and papers dealing with instructional materials.

Mr. Charles B. Park, Chairman of the Bookmen's Conference, has designated July 20-21 as Visitors Days. Approximately 80 exhibitors will have educational materials and audio-visual equipment on display. Each of these days many free samples will be available to out-of-town visitors. Teachers, administrators, school board members and the general public are invited to visit the exhibit. The Field Service Division offers this Bookmen's Exhibit as a service to the schools in this area. Those who attend will see the newest in educational and instructional materials and will be able to obtain admission charges. Eating facilities will be available in the Keeler Union.

ANNOUNCE APPROACHING MARRIAGE

Mr. and Mrs. Andy Fox announce the approaching marriage of their daughter, Miss Sandra L. Nelson to Mr. William Merithew, son of Mrs. A. Eldridge of Grayling. The wedding date is set for August 27th, 1955.

Top League By Half Game

The Black and White maintains a slim half game lead in the Crawford County Softball Association, despite their first loss of the season to a fiery Camp Lehman team by a score of 8 to 1. Griffen and Arnold, mainstays of the Jets' pitching staff, combined their efforts to allow only two hits. Wells had two singles for Lehman, while Mary Blieski and "Curley" LaMotte accounted for the Black and White's only hits. Frederic finally won their first game as they upset a third place Camp LaVictoire, 14 to 13. The Rockets came from behind with eight runs in the top of the seventh to gain a one run lead, but catcher John Rolfe of Frederic kept the game close. Fitcher Leo Lovely returned to the St. Mary's lineup to gain his second win of the year. Doc Roberts, filling in for the injured Paul Evans was the losing pitcher.

The Black and White traveled to Maple Forest to win their sixth game by a score of 9 to 5. John Schofield, the winning pitcher, had three for four to lead the winners hitting. Attack Mary Blieski and "Curley" LaMotte each added two. Don Dobson had three of the seven Maple Forest hits.

Frederic lost their sixth game of the season to the hustling Camp Lehman team by a score of 12 to 6. Camp Lehman added more than six clean hits, but capitalized on Frederic errors and a lack of control on the pitching staff. Frederic could manage only three off Griffen, Jet mound ace.

In the final game St. Mary's racked up their second straight victory in a loosely played affair by a score of 14 to 13. Jim Rolfe was the losing pitcher after he was relieved by Don Dobson. Larry Miller hit all the way for St. Mary's. Tony Dobson with three hits and Dick Miller with two hits led the St. Mary's batting spree.

Three hot rivalry games are expected this week. Camp Lehman will be favored to over their record with Camp LaVictoire. On Friday, the Grayling teams St. Mary's and the Black and White square off at the old baseball park. In the final game of the season, St. Mary's will hold on fifth over the improving Maple Forest team at Maple Forest.

Chamber Plans For Tour

The Board of Directors and Secretary-Manager Bill Turner of the Crawford County Chamber of Commerce are busy lining up a program for a "color tour" by air which will spend October 14, 15 and 16 in Grayling.

Somewhere between 50 and 75 planes are expected in and plans to host the event. The Chamber already been made. Entertainment of the group while here is being worked on and the possibility of importing some acts and staging a dance at the new Grayling gym are under discussion.

The Chamber announces that the Chamber building will be closed as the bus station on Sundays and regular hours will be from 9 a. m. to 5 p. m. Monday through Saturday. The Sunday buses will stop at the 7:15 p. m. bus in the evening.

The Chamber suggests that those wishing tickets to the evening or Sunday runs should come in the day previous to their leaving to purchase tickets.

Last Chance For Free Chest X-Ray Today

From noon to 8:00 p. m. tonight will be the last chance for a free chest x-ray. Crawford County as the mobile unit parked in front of the Grayling Bottling Company on Cedar street will move out of the county after it closes tonight.

The appearance of the unit here is sponsored by the District Health Department and the cost is borne through the sale of TB Christmas Seals. This is the reason there is no charge to anyone for this fine medical service.

In order that the Health Department may consider bringing the X-ray unit here each year, instead of alternate years only, it is hoped that the quota, which is set at about 1,000 x-rays, will be met this month. About 450 x-rays were taken in 1952 and 397 when the unit was last here in 1953.

Red Wings Movies Here Saturday

A large crowd including many Indiana National Guardsmen are expected to fill the new Grayling High gymnasium Saturday night to hear Jack Adams, general manager of the Detroit Red Wings, and view movies of the Stanley Cup Playoff games.

Also appearing will be Ross "Lefty" Wilson assistant trainer of the team. The program, sponsored by Grayling Winter Sports will get underway at 8:00 p. m. Admission is a 50c donation per person.

Following short talks by the two men and the filming of the highlights of the tops in the world's fastest sport, a round table discussion will be held. Questions may be asked concerning hockey. The appearance of Adams and Wilson in Grayling is part of a state-wide tour designed to enlighten people more on the facts of this rough, tough game.

Adams, who is known as "Mr. Hockey," has an outstanding record of 28 years with the Red Wing organization and prior to that a ten year record as a player with Toronto. He is noted for development of the Detroit Red Wings, and in professional hockey.

Wilson, a most versatile member of the Red Wings as he carries out the duties of spare goalie as well as assistant trainer. He is an outstanding expert on hockey equipment especially skates.

NEW ATTORNEY MOVES TO GRAYLING

Attorney Ward F. Ellison, formerly of St. Louis, Michigan, has rented the office of the late Ralph F. Ellison, and will open his office for the practice of law.

Attorney Ellison graduated from St. Louis High School in 1942 and from the University of Michigan Law School in 1952. For the past three years he has been employed by the American Petroleum Corporation in Tulsa, Oklahoma in the lands department as a legal advisor.

Mr. Ellison is married and the father of two children, Ward Anthony, 4, and Kathleen Jane, 2. He expects to move his family here and make his permanent home in the very near future.

Kiwanis Club Notes

William "Bill" Turner, secretary-manager of the Crawford County Chamber of Commerce was the speaker at Monday night's meeting of the Kiwanis Club of Grayling held at the Lone Pine Inn. He was introduced by club President Les Hunter.

Chamber secretary Turner spoke on the work accomplished thus far by the County Chamber of Commerce and of many of the plans for the future. He told the club that the earnings of the Chamber from the operation of the Greyhound bus station were now taking care of the building and several other office expenses.

Secretary Turner also told the club members that a fall color tour by air would bring 50 to 75 planes into the Grayling MacNaughton Airport of October 14, 15 and 16. The Chamber is making plans for housing, feeding and entertaining the group on the color tour. He also stated that Chamber was growing every week and by September when the first color tour year for the Chamber will begin the membership would be spread to every boundary of Crawford County.

Division Review Is Set For Saturday

Indiana "Cyclometers" In midst Of Summer Field Training Here

Camp Grayling, Mich., July 13.—Units of the 18th Infantry Division of the Indiana National Guard today were well into their first week of summer field training at this northern Michigan military reservation.

Training formally opened Monday after an orientation talk to all division officers and the first three grades of non-commissioned officers by Maj. General Carl O. DeBard, Grandview, commanding general of the division. The approximately 9,000 Hoosier Guardsmen here stand a 6:10 a. m. reveille; with breakfast at 6:30 a. m. and morning training starting at 7:30 a. m., and ending for the morning at 11:30 a. m. Training hours at 12:30 p. m. and ends for the day at 4:30 p. m. All units of the division, however, will undergo night training under simulated combat conditions during the encampment here.

Firing on all target ranges began Tuesday, and will continue through Thursday, July 21st. Weapons being fired include 30 cal. rifles, carbines and automatic rifles, 45 cal. pistols and sub-machine guns, 30 and 50 cal. machine guns, 60 mm., 81 mm. and 4.2 inch mortars, 40 mm. anti-aircraft guns firing at ground targets, and rocket launchers.

Artillery units begin firing Thursday, and will continue through Friday, July 22nd, with the division's standard artillery weapons, the 105 mm. and 155 mm. howitzers.

Division troops are also preparing for the annual review Saturday, July 16th, with Governor George W. Craig as a special guest to review the Hoosier Guardsmen. Training for the week will end at noon Saturday, and resume Monday morning, July 18. This year's summer encampment is the fifth at Grayling, and will have the largest number of men participating in 38th Division history. Training, which began formally Monday and ends on Saturday, July 23rd, will stress small unit training. The program involves all arms and services of the division—infantry, artillery, signal, ordnance, medical, military police, engineer, quartermaster and recon troops—and utilize all Army weapons.

Arrested On Traffic Charge

Barton L. Wakeley, 32, of Grayling, was arrested by Sheriff John A. Papendick and will face Circuit Court this week on the charge of leaving the scene of a personal accident.

The accident occurred on US-27, 3 1/2 miles south of Grayling, at about 11:45 p. m. last Friday night, according to the Sheriff, who investigated. A car being driven south by Marion M. McGuire, 36, of Dearborn, struck Wakeley's car after it made a "U" turn in front of her. The Dearborn woman's car left the road and rolled over. She was taken to Grayling Mercy Hospital suffering from lacerations and abrasions.

About 11 a. m. that morning a car driven by Naomi Herring, 43, of Grayling turned out of Jones Lake Truck Trail onto the North River-Road and was in collision with a car driven by Corner R. Whitaker, 54, of Ithaca. The accident was investigated by Deputy Sheriff Rolla Failing who reported about \$800 damage to each car.

At noon Monday, City Engineer Clarence Papendick, 29, of Grayling, stopped at Cedar Street as he entered it from Ottawa Street on his way to a fire call and was in collision with a truck driven by Lyle Smith of East Jordan. No one was injured.

Mercy Hospital News

Mr. and Mrs. Peter Latusek of Grayling announce the birth of a boy on the 11th of July.

Mr. and Mrs. Edward Bannen of Roscommon announce the birth of a girl on the 7th of July.

Mr. and Mrs. Edward Allen Elzinger of Kalamazoo announce the birth of a son, Edward Allen, II, on the 6th of July.

Those confined to Mercy Hospital this week are: Margaret Barton-Barton-Boggs-Landall-Balloy, Clara Rogers, Devereaux Benavente, Nelson Corwin, Frieda Latusek, Gladys Nichols, all of Grayling; Alice Williams, Robert Fox, Jan Morganstern, Vera Bannan, Gerald Ray, all of Roscommon; Hannah Danahy of Detroit; Herbert Bodke, of Kalamazoo; John Dorin, Olga Dorin of Lincoln Park, Edlie Downing, Larry Hiller, Dolly McClenath, of Atlanta; Fara Devel, of Kalamazoo; Mable Farley and Sandra Farley of Bensenville; Vivian Houghton, Alonzo Marshall of The Heights; Alexander Kramer, of Houghton Lake; Guy Kellogg, Bay Ward, Sylvia Wardlow of Saginaw; Frieda Larkin, Betty Payne, and John Bender of Lewistown; Edilen Link of Jackson; Virginia Love of Northville; Sophronia Mapes of Kalamazoo; Lorna Novell of Crystal Falls.

Fund Nears Half On 9 New Gifts

The drive towards a goal of \$10,000 continues this week as the total thus far has reached \$4,307 with nine new contributions. As the total neared the halfway mark, volunteer workers were calling on each home and business place in the area.

Those contributing during the past week were: American Legion Auxiliary, \$10 per year for three years; Grayling Laundry \$20 per year for next two years; Earl R. Burns \$50 per year for next three years; Herluf Sorenson \$10, Holger P. Hanson \$100, Burrows Market \$25, J. J. Plumberg Service \$10, Jim Kitchen \$10 and William LaGrow \$5.

A meeting of the Recreation Area Committee has been called for 8 p. m. Friday evening, July 22. This meeting has been set for the house to house campaign and it was felt that another week would be given to clean up all repeat calls prior to the meeting of the committee.

At the meeting, plans will be made to order the electrical equipment and what other equipment that can be afforded. Also a further drive for funds may be laid out if this week's call for contributions might fall short of the goal.

With the addition of this week's gifts, the committee has a total now of \$885 for next year and \$865 for 1957 with which to plan further additions and improvements at the area.

Grass has already broken through on the football field which was seeded a week or so ago. A pump placed at the river's edge is bringing river water to the field through a pipe system and sprinklers to keep the newly sprouted grass in good growing condition.

In an operation as large as this present house to house and business to business canvass for funds for this community-wide memorial project for the World War I and II herded dead, some people will not be home or will be missed in some manner or other. However, it was pointed out by committee spokesmen that in no case should anyone feel left out of the project. Checks or money may be given to finance chairman Dr. J. F. Cook, Treasurer Mrs. Ella Hanson Wilcox or they may be left at the Avalanche office. They may also be mailed to any of the above named.

No amount however small will be refused by the committee who will endeavor to use any funds that come in in a wise and prudent manner. The construction of this area will add a great deal to the community in many ways. Starting off this fall with eight football games which will afford local people of watching the Grayling team in action in many cases where day games were unable to be attended. Next spring, it is expected that the team will be back in the evening again offering many viewers their first chance to witness this type of an athletic contest. The summer will bring evening football games of the expected enlarged Crawford County Softball league which will give not only residents but summer visitors another form of entertainment.

Next year's construction may bring horseback, shuffleboard or tennis courts or a combination of the three for entertainment of the area's people and summer residents and visitors.

Grayling Bank Raises Interest On Savings

The Grayling State Savings Bank increased its interest payment on savings funds on July 1, 1955 from 1 to 2 percent, it was announced by the bank president Walter F. Fruettner.

In a statement issued by the Crawford County financial institution, the reason given for the advance in interest payments was an increasing business volume which afforded the bank an opportunity to compensate the savings depositors.

The bank also hopes the increase in interest payments will stimulate the regular savings habit among the people which should result in the development of general business. It was pointed out that all savings accounts are insured up to \$10,000.

Speedway Manager To Appear On TV

Henry Doyon, manager of the Frederic Speedway is slated to appear on John Anderson's program, Sports Today over television station WFBN, Traverse City on Monday evening, July 18 at 6:30 p. m.

Mr. Doyon said that he would be able to give a good story of the racing oval located at Frederic. He expects to have a good show of good pictures, if not he will be able to give the opening date for racing.

Crawford County Avalanche Thursday, July 14, 1955 Uneasy Peace Reigns Between Gov. Williams And Highway Commissioner

Uneasy peace reigns over Gov. Williams' office and the domain of Highway Commissioner Charles M. Ziegler. Both are keeping their powder dry.

Williams has been heckling Ziegler since last year over Michigan's road system.

It was a shambles and Ziegler was slapping on patches rather than building new roads, according to Williams. This season the legislature added 1 1/2 cents to the gasoline tax.

For weeks, Williams and his aides needed Ziegler to get started. Ziegler, one of two remaining Republicans on the State Administrative Board, said the money wasn't yet available, but he would see what could be done. Then came the strategy.

Ziegler popped up with a \$1,200,000,000 highway program, complete with a priority schedule to give the state 1,440 miles of major highways and 400 miles of routes in metropolitan areas. It will be completed in 10 years, Ziegler said.

Slightly abashed at the sudden show of progress, Williams called off his running battle with Ziegler. "He has developed a reasonable plan," Williams said.

It has been a long haul since last October when Williams and the Democrats made the highway issue a major plank in the party campaign for election.

G. O. P. Party leaders plainly were unhappy that Ziegler declined to come up with answers to toss back at Williams. Through the legislative session of 1955, Ziegler was a storm center. At one point, there was talk of turning over the new highway program to a separate agency.

So now Ziegler comes up with a long-range plan for highways—an impressive presentation showing it must have been in preparation long before the tax bill for \$35 million was passed. Where does that leave politicians next year at the time for vote-gathering?

Republicans can point to Ziegler and take credit for the highway program. Williams will say it wouldn't have been achieved without prodding from Democrats. That way the motoring public will pay the tax, rate on new

roads and accept any explanation they want—if they want one.

Farmers are getting another service from the state and Michigan State University.

The state agricultural commission approved a program creating a swine herd inspection system, complete with certification of herds.

And the commission also gave a boost to the promotion of Michigan agricultural products by granting funds to four major organizations for the purpose.

They are the American Farm Economics Association, \$450; the Benton Harbor Market Board \$10,000; the Michigan Bean Shippers Association, \$1,300; the Michigan Beekeepers Association \$240.

Clark J. Adams, a Pontiac attorney, should feel right at home in public life again.

He was appointed by Gov. Williams as the new fourth circuit judge in Oakland county. He will take office January 1, 1956 and be required to face his first election test the next November.

During his career, Adams has served in all three branches of state government, legislative, administrative and judicial.

First, he served three terms as a member of the House from the second Oakland county district; he was William's first legal advisor and was later appointed to the Michigan Supreme Court.

Defeated in his try for reelection in 1953, Adams returned to private law practice in Pontiac. He was appointed in the spring to the Michigan Corrections Commission.

He will serve on the commission.

until he takes the bench as circuit judge next January 1.

"Adams has always done a good job wherever he served," said one executive office aide. "He will make a lot of friends for himself and do the public a great service."

Legislators are organizing a 15-member study committee to work out the future of higher education in Michigan.

There will be five members from each chamber and another five, composed of businessmen, industrial executives and possibly an educator.

Already a difference of opinion has developed.

Senator Don Vander Werp (R-Fremont) is anxious to aid junior and community colleges while Senator Carlton H. Morris (R-Kalamazoo) goes more for building up four-year colleges.

The committee will hold hearings in the capitol and around the state during the summer and come up with recommendations for the 1956 legislative session.

"We've got to find the answers," Vander Werp said. "This is a \$150 million problem."

Important thought to keep in mind:

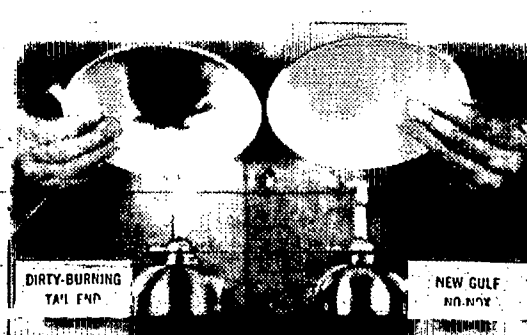

If you want to keep the new engine under the hood as clean as it is today, use that great new Super-Refined Gulf NO-NOX—the clean-burning gasoline... and its super-refined teammate, new Gulfpride H.D. Select Motor Oil.

New Gulf No-Nox Gasoline delivers not just the highest octane but full working octane... because it's super-refined to burn clean

NO-GASOLINE, no matter how high the octane, will let your engine deliver full power performance—mile after mile—unless it burns clean.

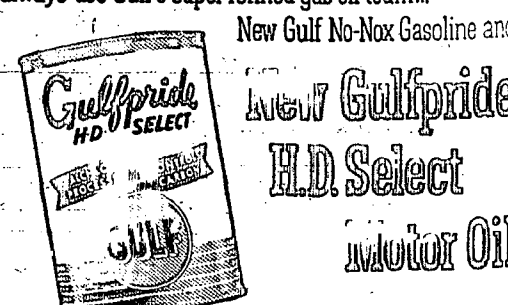

That's why it pays to always use new NO-NOX. Gulf NO-NOX is the clean-burning fuel that gives you full working octane day in, day out. In addition, you get...

- more complete engine protection
- extra gas mileage in short-trip, stop-and-go driving
- freedom from vapor-lock, engine stalling and stalling
- no knock, no pre-ignition—even in today's high-compression engines

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new clean-burning Gulf NO-NOX.

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team...

The only motor oil super-refined by the Alchior Process for modern high-compression engines.
Controls carbon
Combats corrosive acids, rust and deposits
Assures lower oil consumption
Provides the toughest protective film ever developed in a motor oil.

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30

The Newspaper Tops The List

Alfred G. Peterson, who is president of the National Savings and Loan League, has this to say about advertising: "I feel that advertising is a very profitable investment. But we should not buy advertising blindly. We should give careful consideration both to the appeals and the media we use."

"The medium which tops the list is the medium that reaches the greatest number of people at the lowest cost. It is my opinion the newspaper is that medium. I place the newspaper at the top of the list because it reaches the local market. All of us are really conducting local businesses. We may be bound together into a national industry, but our spheres of influence are entirely local."

"The newspaper reaches precisely the people we want to reach."

Well spoken, Mr. Peterson!

Job For The States

The Chamber of Commerce of the United States finds that "states and local communities can better provide for their school needs than the federal government can."

The reason for that is that the Federal Government has a back-breaking debt and is running in the red, while most of the states are well in the black. As a comparatively recent date, the 48 states had \$15,250,000,000 in cash and security holdings against less than \$8,000,000,000 of outstanding debt.

It's high time that federal hand-outs to the states for schools or any other purpose were reduced—not increased. And it's beyond argument that federal fiscal problems will never be solved until there is a resurgence of the traditional American idea that local people and local government should take care of local needs.

How It Happened

Dorothy Thompson recently listed the factors that have resulted in America's gigantic production and consumption in one king-sized sentence: "Great national resources, scientific ingenuity, managerial know-how that has concentrated on mass production at high wages and low profits per unit of production insuring a high level of mass purchasing power, an internal market of

continental proportions, merchandising skills that constantly stimulate new demands and foster rapid turnover, high rewards for individuals possessing outstanding managerial capacities, and government policies aimed at keeping this dynamism operating in some sort of equilibrium between inflation and deflation."

The American factory, the American farm, and the American retail outlet have no superiors on earth.

You can sit this pretty
for only \$2,247.13*
delivered locally!

We'll mince no words.

You can buy a Buick SPECIAL like the one shown here if you can buy any new car.

You can boss this big and brawny Buick Sedan for just about the price of the smaller cars—even for less than some models of the three most widely known smaller cars. The price we show here proves that.

But you can't get anywhere else for the money what you get in this Buick, or any other new Buick—and that's something you really ought to look into.

For Buick sales are soaring to all-time best-seller highs this year just because more and more people are discovering how much more automobile their dollars buy in a Buick than the same dollars buy elsewhere.

They find Buick a bigger package of sheer automobile for the money—bigger in power, thrill, in stretch-out comfort, in ride steadiness, in structural solidity.

They find Buick size and styling an added

New Auto Insurance Rating Benefits Many

Mr. Melvin K. Nielson, local representative of the Auto-Owners Insurance Company of Lansing, Michigan, today announced the inauguration of a novel rating plan for automobile risks which by means of improved classification methods will mean lower auto insurance premiums for people in the following six groups:

(1) Men or women who use their car for business purposes; (2) Far-seeing men under 25; (3) Families who have a daughter under 25 using the car; (4) Young men under 25 who have successfully completed an approved driver-training course; (5) Young men under 25 who use the family car only occasionally.

In commenting on the steps taken by his company, Mr. Nielson explained, "The experience of Auto-Owners with these six groups has been favorable during the past 18 months, and it was felt that those who come under them should be entitled to whatever benefits accrued from this favorable experience. Therefore, the company has reclassified each group to a higher rating, which will result in a substantial savings for many! Writers of automobile insurance, plagued by high accident ratios everywhere, and converted by the resultant high rates to the next step by Auto-

Letters To The Editor

29 June 55,
Camp Drew,
Kaizumi, Japan.

Dear Bob:
Greetings from a displaced
Graylingite. After a great deal of
traveling I have finally settled
down. I have been planning on
writing you for some time but
have been waiting until I had a
permanent address. For I have a
couple of favors to ask of you.

First, I would like to be put on
the mailing list for the Avalanche.
I miss the old rag—it gives just
the homey kind of news I need to
buoy up my lonesome spirit. I
would send you the subscription
premium except that I don't know
your rate for overseas delivery.
My address is:
Capt. I. F. Hayes, 04023252,
U.S.A.H., 8045th A. V. A.P.O. 43
San Francisco, Calif.

Secondly, I would appreciate it
if through your paper you would
give my thanks to all my kind
friends in Grayling who were so
good to me during the sad fare-
wells. The parties, the gifts and
particulars of my departure were
personally at the time, I'm afraid
I didn't cover the field. So I need
your help in making up for the
deficiencies.

As I mentioned, I have done a
great deal of traveling. When I

with return receipt demanded ad-
dressed to such persons at their re-
spective last known addresses to be
posted by depositing in any
United States Post Office at least
fourteen (14) days prior to the
date hereinafter set for hearing
said petition.

Beulah Neafie,
Judge of Probate.

Kaizumi, Japan.

Dear Bob:
Greetings from a displaced
Graylingite. After a great deal of
traveling I have finally settled
down. I have been planning on
writing you for some time but
have been waiting until I had a
permanent address. For I have a
couple of favors to ask of you.

First, I would like to be put on
the mailing list for the Avalanche.
I miss the old rag—it gives just
the homey kind of news I need to
buoy up my lonesome spirit. I
would send you the subscription
premium except that I don't know
your rate for overseas delivery.
My address is:
Capt. I. F. Hayes, 04023252,
U.S.A.H., 8045th A. V. A.P.O. 43
San Francisco, Calif.

Secondly, I would appreciate it
if through your paper you would
give my thanks to all my kind
friends in Grayling who were so
good to me during the sad fare-
wells. The parties, the gifts and
particulars of my departure were
personally at the time, I'm afraid
I didn't cover the field. So I need
your help in making up for the
deficiencies.

As I mentioned, I have done a
great deal of traveling. When I

with return receipt demanded ad-
dressed to such persons at their re-
spective last known addresses to be
posted by depositing in any
United States Post Office at least
fourteen (14) days prior to the
date hereinafter set for hearing
said petition.

GRAYLING STATE SAVINGS BANK

ANNOUNCES INCREASE IN INTEREST RATES ON SAVINGS DEPOSITS

The Grayling State Savings Bank of Grayling, Michigan is pleased
to announce that, effective on July 1st, 1955 it is increasing the in-
terest rate on all savings book accounts from 1% to 2%.

Due to a increasing business volume which we have enjoyed, it is
the policy of this bank to compensate our savings depositors by in-
creasing the interest rate from one per cent to two per cent on such
savings deposits.

We encourage the stimulation by our depositors and friends to adopt
a regular savings habit and the efforts of which should greatly re-
sult in the development of business generally.

All accounts are fully insured up to \$10,000.00 for each depositor.

Call and see us when in need of general banking facilities.
